Purpose:

The purpose of this application is to enlarge 70704 London Road, an existing Highway Commercial lot in the south of Exeter, Usborne Township, Municipality of South Huron. The proposed severed portion of land is currently vacant and is approximately 0.17 ha in area. The proposed severed parcel is irregular in shape. If approved the severed lands will be added to the abutting lands described as Conc 1 Pt Lot 14, municipally known as 70704 London Road. The lands to which the severed parcel are proposed to be added to currently operate as part of the Hamather Motor Products automobile dealership. The intent of this consent is to square up property boundaries between the existing lots in this area of town. This consent application was submitted concurrently with files B15, B16 and B17 of 2017. These applications are proposed to square up the rear lot lines of the automobile dealership lots and bring them into conformity with the South Huron Official Plan for lands designated Highway Commercial.

Official Plan Policies:

The subject lands are designated Highway Commercial and Residential, in the South Huron Official Plan. Highway Commercial uses are meant to serve the travelling public and include auto dealers, and other commercial services. The retained lands will remain under their current Official Plan Residential designation and are slated for future development. No changes are proposed to the retained lands Official Plan designation. The proposed severed parcel will be added to an existing Highway Commercial use that functions as an automobile dealer.

The subject lands are included in the Exeter Settlement area in the South Huron Official Plan. Land division in Settlement Areas is subject to Section 13.3.4.1 of the South Huron Official Plan, which permits severances for lot enlargement purposes. No new lots are proposed in this application, and the lands will continue to be used for Highway Commercial uses. The application proposes no changes or extensions to existing services, the lot to be enlarged fronts on an open and maintained road, no additional traffic hazards will result, and this severance does not hinder or restrict existing and/or future development. Highway Commercial lands are subject to Site Plan Control; any works on the lands to be enlarged will be required to go through the formal Site Plan Control process.

Zoning By-law

The area proposed to be severed is zoned D (Development) in the Township of Usborne Zoning By-law. The lands to which the severed parcel are to be added are zone HC1-1 (Highway

The proposed severed parcel is vacant, but a condition of consent to rezone the severed parcel to HC1-1 will be required to match the existing zoning and intended use of the parcel.
