G. SKETCH CHECKLIST

28. ACCURATE, TO SCALE, DRAWING OR PROPOSAL: (In the space below or on a separate page(s), please provide drawing of the proposal, preferably prepared by a qualified professional. In some cases, it may be more appropriate to prepare additional drawings at varying scales to better illustrate the proposal).

The application shall be accompanied by a clean, legible sketch sharing the following information. Failure to supply this information will result in a delay in processing the application.

A sketch showing in metric units:

- a) the boundaries and dimensions of the subject land;
- b) the location, size and type of all existing and proposed buildings and structures on the subject land, indicating their distance from the front lot line, rear lot line and side lot lines;
- c) the approximate location of all natural and artificial features (for example, buildings, railways, roads, watercourses, drainage ditches, banks of rivers or streams, wetlands, wooded areas, wells and septic tanks) that,
 - i) are located on the subject land and on land that is adjacent to it, and
 - ii) in the applicant's opinion may affect the application;
- d) the current uses of land that is adjacent to the subject land;
- e) the location, width and name of any roads within or abutting the subject land, indicating whether it is an unopened road allowance, a public traveled road, a private road or a right of way;
- f) if access to the subject land will be by water only, the location of the parking and docking facilities to be used;
- g) the location and nature of any easement affecting the subject land

The drawing(s) should show (please use a survey if available):

- Property boundaries and dimensions
- Dimensions of area of amendment
- Distance from structures to lot lines
- Easements or restrictive covenants
- Building dimensions & location
- Neighbouring adjacent land uses
- Parking and loading areas
- Use of Neighbouring properties
