Subject: Draft Watershed Planning Guidance - Environmental Registry Posting

Greetings,

We are writing today to let you know that the Ministry of the Environment and Climate Change (MOECC) and the Ministry of Natural Resources and Forestry (MNRF) have posted draft Watershed Planning Guidance for municipalities and planning authorities on the Environmental Registry for a 60-day review period.

Watershed Planning Guidance supports the implementation of the four provincial land use plans which strengthen requirements for watershed and subwatershed planning; and the Provincial Policy Statement which identifies the watershed as the ecologically meaningful scale for integrated and long-term planning.

Watershed planning is an opportunity for municipalities and other planning authorities to take a collaborative approach to planning by creating a framework for the management of human activities, land, water, aquatic life and resources within a watershed, and for the assessment of cumulative, cross-jurisdictional and cross-watershed impacts.

For further details and to comment on the proposal, please visit the Environmental Registry at <https://www.ebr.gov.on.ca/ERS-WEB-External/> using EBR # **013-1817** or the following direct link:
