Subject: Serviced Municipalities with less than 5,000 Population, Public Spaces, and Schools at Risk

Importance: High

Hello:

We heard a lot of concern around the current Ministry proposal: that after transition producers are not required to service municipalities with less than 5,000 population, public spaces, and schools.

For members that have not yet passed a Council resolution about transition, we have updated the resolution. It now references one additional “whereas” clause:

WHEREAS the Municipality of X is concerned about a recent proposal by the Ministry of Environment, Conservation and Parks that could jeopardize over 135 small rural, remote, and Northern community Blue Box programs across the Province as well as servicing to schools and public spaces;

And one additional “therefore be it resolved” clause:

THAT the Municipality of X strongly advocates for language to be included in the regulation that ensures municipalities under 5,000 continue to receive Blue Box servicing as was agreed as part of the Provincial government’s Blue Box mediation as well as schools and public spaces.

For those who have already passed a resolution, thank you! For those who are looking to pass a separation resolution to flag concerns to the Province about this latest proposal, feel free to use/amend the above language as you see fit.
