Subject: Opening of Kirkton Pool

Hello everyone.

Hope to find you all well and safe within these troubled times.

My name is Wendy Callcott and I am a member of the Kirkton Woodham community as well as a member of the KW swimming pool committee. I am asking you to please reconsider opening the Kirkton Woodham Pool this summer, obviously with the proper covid guidelines in place.

My family and I have used this facility for over 13 years. It provides Kirkton area with a safe area for our children to play, and learn over the summer months. It's a huge part of our little community and we need this open for the kids and families this summer.

Our children have been out of school since March. Most haven't had an opportunity to play with friends or even seen them since school was over. As restrictions start to relax, other area pools have opened and I think our pool needs to follow along!

Please put this on councils next agenda Thank you so much for you time!
