

Rebekah Msuya-Collison, Clerk  
The Municipality of South Huron  
PO Box 759  
322 Main Street South  
Exeter, Ontario  
NOM 1S6

Dear Ms Msuya-Collison,

Hay Communications is currently developing an application to the "Improving Connectivity for Ontario" (ICON) program administered by the Province of Ontario. Our application would seek funding to help provide 100% fibre connectivity to approximately 260 currently underserved properties in rural areas of South Huron, including areas south of Crediton and Centralia and east of Exeter.

Part of the application process requires us to show community support for this project. As such I am requesting that the South Huron Council consider a resolution of support for this project. The Huron County Council approved a similar resolution at their meeting on August 12, 2020.

If you have any questions regarding this request please feel free to contact me at 519-236-1182 or [angela@haymail.ca](mailto:angela@haymail.ca)

Yours truly,

Angela M. Lawrence  
General Manager
