Subject: Fwd: RE: South Huron Chamber of Commerce

Hello Rebekah,

Sorry about the delayed response to your email. Unfortunately due to Covid-19, all our usual events have been canceled. However, we have been keeping our members updated about COVID by Mailchimp, Facebook, and on our website. We also have held two markets (August 7 and September 25) with the BIA, as well as creating joint events for the future. These include a Jack-o-Lantern Jamboree and Halloween Market (if weather allows). We are also waiting to see how COVID may affect these events, that's why they haven't been marketed yet.

For the Chamber, the Board and I have been working on hosting a virtual Lunch & Learn with Jeffrey Scholl from Contact North, discussing the low cost/free courses that businesses can access. The other event we are working on is a virtual business after 5, which will cover COVID and how the businesses are dealing with the changes. With this event business owners can choose what break out room(s) they would like to attend, as there will be one for restaurant/food industry, manufacturing, retail and possibly agriculture. We are continuously looking at other possible events and ways to assist our members and community.

If you need any other information, just let me know.

Thank you

Kim Robinson

Office Administrator

South Huron Chamber of Commerce,
