August 9, 2021

Attn: Municipality of South Huron Council Members

On July 19, 2021 my son was involved in a single vehicle accident in Huron County. He swerved to avoid a deer that had unexpectedly crossed the road. After my son exited our vehicle, a witness spoke to my son and decided to call 911. We are very grateful that all emergency vehicles were dispatched and arrived in a timely manner and that our son is okay. Luckily, there was no fire or physical injuries that occurred.

A few days later, we received invoice #1052 for \$2930.40 from the Municipality of South Huron for the cost of dispatching 3 fire trucks to the scene. It also stated on the invoice to forward the invoice to our insurance company. We have decided not to claim our expenses through insurance because it would significantly impact our insurance premiums for the next three years. We are a small, family run business in Perth County that has also felt the negative effects from COVID-19. We are hoping that you could reassess the amount of the invoice to a more manageable number.

We appreciate your time and consideration into this matter and look forward to your response.

Please reach out to us if you have any questions.

Sincerely,

Eric & Jackie MacArthur
