

## Oakwood Park Association, Inc.

September 14, 2021

Mayor Finch and Members of South Huron Council  
Municipality of South Huron  
322 Main Street South  
Exeter ON N0M 1S6

Dear Mayor Finch and Members of the Council of South Huron,

Oakwood Park Association, Inc. is grateful and appreciative of the due consideration given by Council to the matter of the proposed Tridon Development, and Council's decision to defer the matter to the Committee of the Whole for a more thorough consideration.

This news was greeted with support and with relief, as the proposed development is causing significant concern and is enormously significant for this part of South Huron, not only because it does not conform to the Municipality's own Official Plan, but it would forever change the character of this cottage and recreational community. We are deeply concerned about sufficient due diligence on the need for, and viability of, such a development, which does not have the infrastructure or services to support it. We are also keenly aware that those of us currently residing and recreating in the area would be, in future, faced with increased costs, traffic, frustration, and the loss of the very reason we are here.

Once again, thank you for your effort and consideration and we support you in your further well researched deliberations.

Yours sincerely,

Bob Schram  
President Oakwood Park Association Inc.

on behalf of Oakwood Board of Directors

Nancy Dubois  
Dave Ross  
Nancy Joyal  
Roger Wallis
