

South Huron Mural Concept

(As determined by the South Huron Mural Committee members)

Locations (see Appendix for desired locations and measurements):

- Corner of Main Street and Sanders Street - both locations identified are within the same property (addresses provided for purpose of navigation)
 - 322 Main Street South, Exeter (front garden retaining wall) – purpose to build momentum and interest to larger mural on wall sections
 - 330 Main Street South, Exeter (wall sections on south side of building facing Sanders Street East) -main story of mural

Mural Purpose

- Beautification and inspiration for future artistic work within our community – defining the space as a public civic “hub”
- Depict South Huron and Exeter as a community that is more than a stop over community

Mural Style

- Fluid, non-linear design (does not have to fill the entire space; preference is to leave remaining concrete/brick behind in some capacity (if suitable with the artist)
- Natural design feel with bold/bright colours

Approval Timelines

- Mural approval (location and overall concept) will be brought to South Huron Council on September 6th
 - *The Committee hopes that the artists narrowed down can provide a concept design by this date to display during the Council meeting to accompany report
- Public engagement via social media with watermark after concepts received
- Final selection by Committee early/mid-September

Inspirational words for Mural

- Sustainable community
- Agricultural influence
- Encompassed by natural environments (Trails, native flora and fauna, river)
- Strong community lives here (South Huron is not just a pass-through community, its home)

Mural Components

- White Squirrel
- Local food (farm to table)
- Local species at risk (Turtles)
- Poppies (Cenotaph is at front of Townhall connection)
