

11 Oakwood Links Lane

Grand Bend ON, N0M1T0

Mayor George Finch -request concerning Highway 21 –northern approach 50 km zone
To Grand Bend

Mayor Finch - we are writing with hopes of obtaining a radar controlled speed sign for this area. We are aware that our municipal government does not have the final say on this decision, but we are seeking your support and demonstration of your local sign placements to sell the advantages of this great device. Too often we witness autos that have already not conformed to the current 50 km schedule and indeed have not obeyed the preceding 80 km sign. These radar enhanced signs definitely garner a positive and necessary driver response.

Drivers are constantly bombarded by Provincial ads, special T.V. messages, that detail the necessity of reduced speeds. We would suggest that few of these are as effective as the in person radar monitoring. We are hopeful of increased road safety, and believe that this would be positive step to same.

Please find enclosed a list of local signatures that are in support of this action.

Regards

Gary Pollard

Cc Councillor Vaughn and Councillor Faubert
