Chair's Address

People with disabilities often face barriers that limit their ability to work, shop, travel, and engage fully in their communities. One of the greatest strengths of the Huron County Accessibility Advisory Committee (HCAAC) is our dedicated members, who are passionate about informing, educating, and inspiring our community to make Huron County accessible to all. Our committee is committed to providing comprehensive accessibility training to community members across various sectors in alignment with the [O. Reg. 191/11: Integrated Accessibility Standards](#).

We focus on:

- Customer Service
- General Requirements
- Human Rights
- Employment
- Information & Communication
- Design of Public Spaces

Training is tailored to job responsibilities. Facilities staff focus on Human Rights, General Requirements, and Customer Service, while management completes all modules. All stakeholders receive training on accessibility standards and assistive devices. Through training opportunities and resources, we aim to increase awareness and engagement and foster a deeper

understanding of government legislation among entities—such as businesses, organizations, institutions, services, and facilities.

Governance

Our committee has successfully operated virtually since 2021. We appreciate the dedication and passion of all our committee members, who contribute to creating an inclusive society.

Thank you for your ongoing support and commitment.

Trevor Bazinet (he/him),

Huron County Accessibility Advisory Committee Chair

Foreword

Accessibility is a cornerstone of an inclusive community, ensuring that every individual can participate fully in their community. Disability affects a growing number of Canadians. From 2017 to 2022, the disability rate increased across all provinces and most territories. There were most considerable increases in mental health-related disabilities (10.4% prevalence, +3.2 points), pain-related disabilities (16.7% prevalence, +2.2 points), and seeing disabilities (7.4% prevalence, +2.2 points; see [Infographic](#)). These trends emphasize the growing need for accessible environments and inclusive practices to accommodate the evolving needs of individuals with disabilities nationwide.

Huron County is dedicated to creating an inclusive and accessible community, ensuring everyone can engage fully in all facets of life. In line with this dedication, we introduce our 2025 Annual Accessibility Plan (AAP), detailing our strategic plan to identify, eliminate, and prevent barriers faced by individuals with disabilities in our County.

This plan reflects our dedication to meeting and exceeding the standards set by the [Accessibility for Ontarians with Disabilities Act \(AODA\), 2005, S.O. 2005, c. 11](#).

We encourage you to review this plan and join us in our commitment to championing accessibility. Please feel empowered to contact us with any questions, comments, or suggestions.

This report is available online ([click here](#)) and can be provided in various formats upon request. If your inquiry concerns our partner municipality, please contact them directly.

Together, we can make Huron County a place where everyone belongs.

Executive Summary

The 2025 Annual Accessibility Plan (AAP) of the Huron County Accessibility Advisory Committee (HCAAC) reflects the County of Huron's ongoing commitment to building a more inclusive and accessible community. This plan outlines the achievements from 2024, highlights our strategic goals for 2025, and underscores our dedication to ensuring that Huron County continues to lead in accessibility and inclusivity.

In 2024, the HCAAC made significant strides in enhancing accessibility across the County. Key achievements included the development of the Multi-Year Accessibility Plan, thorough site plan reviews, and the continued success of the HCAAC Accessibility Awards. The HCAAC enhanced its collaborations with partner municipalities, businesses, and community groups, advocating for accessibility initiatives and exchanging best practices.

In 2025, the HCAAC aims to advance its achievements by concentrating on several significant goals. Strategic Alignment

HCAAC is dedicated to ensuring that the County's operations are accessible and inclusive for all individuals.

Integrated Approach to Inclusion and Accessibility

In alignment with the County of Huron's commitment to inclusion and diversity, the Huron County Accessibility Advisory Committee (HCAAC) embraces an integrated approach where accessibility is seamlessly woven into the broader framework of inclusion. Rather than being a standalone aspect, accessibility is a fundamental component of our overall Inclusion, Diversity, Equity, and Accessibility (IDEA) strategy.

This approach ensures that all initiatives and programs reflect HCAAC's dedication to creating a

community where everyone can fully participate and thrive. By integrating accessibility into the IDEA lens, HCAAC strives to foster

an environment where accessibility is not just an add-on but a core element of the County's inclusive practices and policies.

Intersectionality and Disability

Intersectionality highlights how various aspects of identity, such as race, gender, socioeconomic status, and disability, intersect and influence an individual's experiences. Disability is deeply intertwined with these factors, affecting how individuals experience barriers and discrimination. For example, a person's experience with disability can differ significantly based on their gender, race, or socioeconomic background.

By recognizing these intersecting identities, we can better understand and address the unique challenges faced by individuals with disabilities. This

perspective guides our approach to creating inclusive environments, ensuring that our accessibility initiatives consider and accommodate the diverse needs of all community members. This approach helps us move beyond a one-size-fits-all model and fosters a more equitable and supportive community for everyone.

Reporting and Accountability

The Huron County Accessibility Advisory Committee (HCAAC) is committed to ensuring transparency and accountability in enhancing accessibility across the region. To achieve this, the Committee adheres to a robust framework for monitoring progress, evaluating effectiveness, and reporting outcomes.

- **Regular Monitoring and Evaluation:** HCAAC reviews its initiatives and programs to assess their impact and effectiveness. This involves collecting feedback from stakeholders, analyzing data on accessibility improvements, and evaluating the progress of ongoing projects against established goals and standards.
- **Annual Reporting:** The HCAAC publishes an annual accessibility plan update to provide a comprehensive overview of its activities, achievements, and future goals. This report includes details on compliance with accessibility standards, progress on key projects, and any challenges encountered. It is made available to the public and

shared with the County Council and partner municipalities to ensure accountability, transparency, and trust.

- **Public Engagement:** HCAAC encourages input from the community through various channels, including public meetings and feedback mechanisms. This engagement helps ensure that the Committee's work is aligned with the priorities and perspectives of the community.
- **Accountability Framework:** HCAAC operates within a clear accountability framework, with defined roles and responsibilities for Committee members and subcommittees. Regular meetings are held to review progress, address issues, and adjust strategies and actions as needed.
- **Reporting to County Council:** HCAAC provides regular updates to the County Council, including detailed reports on accessibility initiatives and their outcomes. These updates help ensure that accessibility remains a priority within the County's broader strategic goals and facilitates informed decision-making.

2024 Achievements

Public Accessible Spaces Simplified (PASS)

In 2024, HCAAC sponsored the PASS program, enabling free access to the educational content it generates for employees of the County of Huron and partner municipalities. This program emphasizes best practices for

developing accessible environments. By ensuring this content is available, HCAAC fosters the advancement of accessible practices throughout the region and addresses a significant need for resources in accessible design.

Updated Multi-Year Accessibility Plan (MYAP)

The MYAP was updated to incorporate new goals, strategies, and timelines to enhance accessibility across the County. This comprehensive revision introduced specific action items and implementation strategies to address emerging accessibility considerations. The updated plan reflects current accessibility standards and aligns with provincial legislation, ensuring that the County's initiatives are effective and compliant with legal requirements.

HCAAC Awards

The nomination process for the HCAAC Accessibility Awards underwent a significant transformation to enhance accessibility and improve user experience. This revision sought to facilitate submissions, allowing individuals and organizations to participate more easily. Key updates feature simplified application forms, clearer criteria, and better support for both nominators and nominees. These changes were effectively conveyed through multiple media platforms, resulting in a rise in nominations and greater community involvement.

Accessible Tourism Initiative

This initiative, spearheaded by HCAAC, focuses on identifying and cataloging accessible spaces throughout the County, such as parks, trails, and other public spaces. By listing these locations on the County's tourism website, HCAAC aims to make it convenient for residents and visitors to find and enjoy accessible amenities. This effort will enhance the inclusivity of the County's tourism offerings and promote greater awareness and accessibility within the community. In spring 2025, the Site and Plan Review Subcommittee will begin evaluating municipal spaces as part of this tourism initiative.

Electric Vehicle (EV) Charging Space Review

The County's Planning Department has created an innovative guide for EV charging stations that prioritizes accessibility to enhance user experience for everyone. In collaboration with HCAAC, the Planning Department examined the guide focusing on the placement, design, and accessibility of these stations. This guide is the first of its kind in the area, establishing an essential resource for making EV infrastructure accessible to individuals with disabilities. It offers recommendations on accessible layouts, signage, and user support.

AccessSLED Incentive Program

HCAAC initiated the AccessSLED program to provide vital funding to the community for accessibility improvements. In 2024, efforts were made to

ensure that the program aligns with the needs of grassroots entities and is sustainable. This included identifying community outreach as part of the communication strategy and pursuing additional funding from the Government of Canada to expand the program's impact. AccessSLED is set to launch in March 2025.

National AccessAbility Week

To honour National AccessAbility Week (May 26 - June 1, 2024), HCAAC organized events to highlight accessibility concerns and encourage inclusive practices. These events featured media campaigns focused on educating the public and nurturing a culture of accessibility in the community.

Goderich Downtown Renovation

HCAAC was invited to review Goderich's downtown renovation plans and provide expert input on integrating accessibility considerations into the redevelopment project. This review involved assessing various aspects of the renovation plans, including pedestrian pathways, accessible parking, and public spaces, to ensure that they meet accessibility standards and are inclusive of all individuals. HCAAC's feedback aimed to enhance the accessibility of the downtown area, contributing to a more inclusive and welcoming environment for residents and visitors.

2025 Goals

Launch AccessSLED in March 2025

Roll out the AccessSLED program to the public, using a multi-channel media strategy to maximize awareness and engage a broad audience. The launch will feature informative programming, partnerships with local stakeholders, and collaboration with partner municipalities to maximize the uptake.

Collaborate with the Economic Development team and partner municipal departments to encourage and implement accessible practices, laying the groundwork for a more inclusive and welcoming tourism experience.
