RE: Financial Support for HuronSound and Arts Festival

April 2017

The Cultural Collective is a youth-led cultural organization based in South Huron with over 45 youth members with experience in music, visual arts, drama, filmography and more. The group has hosted a variety of cultural events in Exeter since 2015, including the Huron Sound Music and Arts Festival that took place in MacNaughton Park on July 16th, 2016. This event featured six local musical groups, vendors and cash bar and BBQ. Over 150 people attended the event in the Scenic Gardens in Exeter. This was the most successful HuronSound and Arts Festival thus far.

The Cultural Collective is currently in the planning stages of the fifth annual HuronSound and Arts Festival which will take place in the scenic gardens on July 22nd, 2017. We are hoping that the event will be bigger than ever to celebrate the sesquicentennial celebrations this year.

We are seeking any financial support from South Huron council in order to make this event a success. Attached to this letter is a sponsorship document with different sponsorship levels to choose from. Any support would be greatly appreciated.

Sincerely,

Aaron Neeb
The Cultural Collective
